

NanoPro™

0-0-0

AQUA-YIELD™

PURPOSE

Application: Foilar Spray Application

NanoPro™ is different from other herbicide adjuvants because it contains an Aquamized formulation that can deliver herbicide to plant cells more efficiently via Nano-Shield™ delivery system. This product is field tested and grower approved to change the way you manage weeds.

ATTRIBUTES

- FASTER BURNDOWN OF WEEDS
- HIGHER % KILL ON TOUGH WEEDS
- UNIQUE FORMULATION PROMOTES CELLULAR ACCESS
- CAN BE USED IN COMBINATION WITH OTHER PRODUCTS
