

# BioLifeMaX™

by ionX™

BioLifeMaX™ contains protein hydrolysates, a renewable source of plant nutrition. Every formulation contains the natural organic compounds found in seeds, which contributes to rooting, cell expansion and provides an excellent source of carbon and amino acids to encourage beneficial soil microbial populations.

## soil application directions

### Turf

Apply 2 quarts to 1 gallon per acre per application. Up to 10 gallons per acre per season.

### Agricultural Crops

All Crops: 1-10 gallons per acre per season
